

**Amberley Village Council – Streets, Public Utilities, and Sewer Committee  
Minutes Aug 17, 2020**

In Attendance (by Zoom conference due to Covid 19 outbreak): R. Warren (Chair), E. Hattenbach (Member), S. Lahrmer, T. Muething, W. Brown, T. Chensey, and J. Brock

The meeting was brought to order.

The minutes from the July 8, 2020 meeting were distributed and accepted.

There was one agenda item.

**1. Updating the 2020 Street Program.** Due to the Covid 19 crisis and potential effects on tax revenues and need to preserve assets, the Streets program was put on hold. The present situation of an apparent stabilized revenue situation and deteriorating streets particularly on Section Rd and Galbraith Rd, led the Village Manager to meet our engineering consultants, CT Consultants, to develop an ‘essential’ program. The net effect is to create a combined 2020 and 2021 streets program. One part of the program will be to repair part of Galbraith and Section Roads. CT estimates the cost to be ~\$40,000. Bids will be taken in January, 2021 with work to be completed in the Spring, 2021. The larger program, to be executed in two phases will include water main replacement by Cincinnati Water and street pavement along Galbraith and Section Roads. The water main along Section Rd between French Park and Ridge was placed in 1917. Repavement will extend from Ridge to Knoll Rd due to considerable road deterioration. The water main along Section between Ridge and Aracoma (placed in the 1930s) will also be replaced and the street repaved to west of Aracoma. Phase 2 projects will include street resurfacing and curb work along Winding Way, Ester Dr, and Fairacres Dr.

There being no further business, the meeting was adjourned.
